Wrought iron wall trellis

170 x 70cms wall trellis pictured—\$365 in raw steel.
Powder coating available. Other sizes POA.

Wrought Iron Gates

Unique designs custom made.

Florence Gate

Flat steel frame with hand turned ends and 12x12mm vertical bars. 'C' scrolls have fish tail ends. Available in raw steel or powder coated. Made to measure in most sizes. Prices as per price list.

Tree guard with Daffodil

500mm diameter, comes apart into two halves for easy installation. Cast steel daffodil conceals the bolt.

Standard courtyard gate—plain bars with topper to suit width of gate (see below). 1400 x 900mm shown here.

Courtyard gate with blind bottom panel and wrought iron insert. 9-05 topper. Frame size: 1500 x 1200mm

Shorter version of the courtyard gate with blind panel on bottom. Frame size: 1200 x 900mm

NOTE: Courtyard Gates: The centre and top right gates are variations on the standard 'courtyard gate'. There are a wide variety of wrought iron and decorative inserts that we can use so if you're interested in creating something different, once we get an idea of what you're preferences are, we can send you copies of ornaments and options from our catalogues. Vertical bar gates such as those above can be dressed up with something as simple as 'c' or 's' scrolls.

Custom designed and made on consignment. Made to fit between 820mm high stone wall and to match larger double gates (overleaf).
